

KEITH METZGER, D.D.S., P.C.

March 18, 2020

To our valued patients,

We have been closely monitoring the events that have developed with COVID-19 and the recent recommendations from the CDC and the ADA. We feel that it is in the best interest for you, our patients, along with our staff and the DFW Community, to close the office for the upcoming week (March 20th - 27th).

This was a difficult decision to make as a small business in the community, but we understand that the general health and safety for everyone is the greater concern at this time. We will continue to monitor the events that take place and will keep you updated on any changes to our office hours. Please check our website and Facebook page for further updates.

Of course, through this, we are here for you! If you have an appointment scheduled this coming week, we will be contacting you. If you have a dental emergency or need to speak with someone, please give our office a call. We will return messages as promptly as possible.

Your oral health is still very important during this time. Be sure to keep up with good brushing and flossing to reduce areas of inflammation that can weaken your immune system!

Thank you for your understanding, and please reach out with your questions or concerns. Stay well!

A handwritten signature in black ink that reads "Keith Metzger, DDS". The signature is fluid and cursive.
